

Design and Implementation of a Dual-Evaporator Transcritical High Temperature Heat Pump

Research Project

Authors:

Franklin Grégoire
Hugo Warscotte

Date: September 23, 2025

Ecole Polytechnique de Louvain

1 Context

To be completed by HW (1 page).

2 Literature review

To be completed by FG (2 pages).

3 Research question

To be completed by HW (1 page).

4 Project description

To be completed by FG and HW (1 page).

5 Share of workload and responsibilities

To be completed by FG (1 page).

6 Roadmap and planning

To be completed by HW (2 pages).
